

# 850 Meters

Original title: 850 Meters

A not-so-brave knight is on a quest for fame and fortune; legend has it that rescuing a princess is the way to go. And in those same fairy tales, there's only one way to slay the dragons that hold the fair lady captive: find the invincible sword! To reach his goal, the knight is ready to go far. Maybe even as far as 850 meters...
