

Abracadabra

Original title: Abracadabra

Hundreds of white rabbits live in the magic city of Abracadabra, which is located inside the hat of a renowned elderly magician. They all have the same goal: to be the best at transformation and thus be selected to be conjured out of the hat during the show! Pocus, a rebel rabbit, tries to find his place amongst the others in this petty town. He is bad at transformation because of his overly long ears and passionate temperament, and invents the most absurd plans to escape Abracadabra. His best friend Hocus, a corpulent carefree 'bon vivant' rabbit who always transforms into too big objects, tags along on the crazy adventures. Fortunately, the pair can count on Betty, the granddaughter of Irma, the fortune-teller. They need all the help they can get, because Morty, a know-it-all careerist, always opposes their plans...
