

# All Roads Lead to Rieme

Original title: Alle wegen leiden naar Rieme

It takes a village to tell its own story. Especially when this village is Rieme, situated on the Gent-Terneuzen canal, Belgium, where the ever-expanding port industry swallows it up bit by bit. In the midst of this shifting landscape, and with a whiff of Jacques Tati, the filmmaker and his grandmother team up to make a film about what makes this place worth protecting from further erasure: its habitants, their jokes, their music, and their hopes and dreams. A surreal story with some life lessons for an absurd world.
