

# Between Heaven and Earth

Original title: Tussen hemel en aarde

The circus was the only entertainment on a journey of many months along the ancient Silk Road from Europe to China. In the dictatorship of Uzbekistan, the circus is as alive as it was in the days of Genghis Khan. The circus acts, too, have barely changed. Two artists are forced to choose between continuing the old traditions and politics, but their different choices seriously impact on their lifelong friendship.

## CREDITS
