

# Beyond The Summits

Original title: De kanker voorbij

February 2004. Eight European women and mothers want to conquer the highest summit of America: the 7.000 metres Mount Aconcagua. But it is not an all-day dream. These women share one common past... breast cancer. They have not only fought cancer, but also the label of being a patient for life. Now, the mountain is their antidote. In particular for one woman with whom the cancer reoccurred.
