

Bonkers

Original title: Knetter

Bonnie is eight-years-old and lives with her mother and grandmother. Her mother is a bit weird. She tends to stay in bed for weeks on end and then, all of a sudden, she gets up and jumps around the house in overdrive. Bonnie is lucky to have a perfect, rational grandmother that holds the family together. It's like the elephants, Bonnie says, it is the oldest female that leads the pack. One day, Bonnie's grandmother dies and her world topples. Bonnie is desperately trying to cope with her lonely mother who can't seem to get up in the morning nor cook in the evening. A social worker wants to put Bonnie in an adoption home. But she wants to stay with her mum. It's like the elephants, Bonnie says, a daughter holds on to the tail of her mother.
