

Boys

Original title: Boys

Two very different Flemish bachelors are best buddies: Peter is a responsible professional, who's excited to get his first proper account as copywriter in a small Belgian publicity firm for condoms; while Tom earns his living as process-server and repo-man for a judicial bailiff. In their free time they're nearly inseparable. When the graphics department refuses to execute Peter's idea for the condom campaign without a live male model, only Tom is mad enough to pose stark naked.
