

# Bully Beef [remastered]

Original title: Bully Beef

**Bully Beef is an attempt to reconnect two histories that continue to be set apart: the invasion of Belgium by Germany in 1914 and the colonisation by Belgium of the Congo some 40 years earlier. One event is considered part of 'European' history and taught in schools and universities; the other part of 'colonial' history - set somewhere lower down the hierarchical ladder and hardly touched upon in the school curriculum.**
