

Draw for Change!

Original title: Draw for Change!

Moving between documentary, cartoons and animation, each episode of *Draw for Change!* deals with a specific cartoonist, and will be directed by an acclaimed female director with a direct link to the subject and country. Each of these cartoonists is rebellious in their own way: they draw because it is unthinkable for them not to do so. The price they pay for their work gives it a dramatic edge. They have been fired, intimidated or threatened with death, but they invariably refuse to give in. And they succeed in changing society, if only a little.
