

Fiskepark

Original title: Fiskepark

Fiskepark is a fake true crime series analyzing the story behind the murder on musician and media figure Bent Van Looy. How come the judicial investigation was packed with mistakes? What role played forgotten radio icon and main suspect Tomas De Soete? Did the media and the public go too far in their search for new facts? Together with the key figures, the documentary makers reflect on a year in which friendship turned to hate, love to suspicion, and authenticity turned out to be a very hollow concept.
