

Frontier Frontera

Original title: Frontera

It is 1943, and Franco has blocked the path over the Pyrenees to Spain for Jews fleeing Nazi oppression in France and beyond. At the border crossing in a small village, Manel Grau, a civil servant with a Republican past, decides to go against the orders of his superiors and help the Jews across the border. He does this with the help of Juliana, a fellow inhabitant of the village, and Jérôme, a French smuggler. Between them, they start a campaign to help as many Jews as they possibly can. It is then that Manel finds himself on a dangerous path that will awaken in him and his wife Mercé ghosts of the still-recent Spanish Civil War.
