

Gangstas

Original title: Patsers

Five years after the events in *Gangsta*, Adamo has become increasingly entangled in the cocaine trade that has Antwerp city life in a stranglehold. His childhood friends all walk the straight and narrow now, and are refusing to see him anymore. With Jana, the new head of the KALI drug unit, hot on his heels, it seems that a combination of hubris and personal drama will soon spell the end of Adamo's success. When Aunt Saloua is killed in yet another attack, the Gangstas join forces one last time, hell-bent on revenge. But at what cost?
