

Ghajaana

Original title: Ghajaana

In a distant, grey no man's land in a wonder era, dwells the sensitive Tzigane with her beautiful sister Umana in an old windmill. Tzigane tries to stand firm in the shadow of her successful sister who performs as a curtain dancer, but her fragile self-image collapses when Umana also seems to hook the handsome Milan. Tzigane tries to find a way to matter. A disarming attempt to be a star turns in to a genuine failure, but perhaps every failure has a silver lining...
