

# Grey Sun

Original title: Soleil Gris

Under a scorching sun, two teenage girls, Jess and Charlie, hang out by the empty pool of a dingy motel lost in the desert. The two cousins have been instructed to look after the motel, but they don't get on and bicker at every opportunity. While Jess lies on her sun lounger reading her celebrity magazines, Charlie is bored stiff and dreams of going to the seaside. On the radio, the monotone voice of an eminent researcher in collapsology predicts the imminent end of the world. The tension mounts as the ecological apocalypse announced over the airwaves suddenly bursts into reality.
