

Guernsey

Original title: Guernsey

Anna lives quietly with her husband and her 3-year-old son in the suburbs of a major city. She regularly travels to developing countries where she works as a consultant in irrigation projects. During one of her visits to Egypt, one of her colleagues commits suicide. It's Anna who discovers the body. Even though Anna didn't really know the woman, her unexpected death makes a big impression. For the first time, she realises that you can remain unknown even to those you have most dear.
