

Half Day Tour Soweto

Original title: Half Day Tour Soweto

The slums of Kliptown are one of the highlights for those who visit Soweto on a bus tour. Sizwe lives here, daydreaming about his past and finding peace in his small garden. For Chikko, the area is a source of inspiration for his art and he despises the presence of the tour buses. But what if tour guides, like Louis, have good intentions?
