

# Happy Sad Angry Scared

Original title: Happy Sad Angry Scared

Roman suggests to his good friend Laurens that they spend a day pretending to be each other. He hopes this will help Laurens temporarily escape his grieving process after losing his partner and allow Roman to carry some of his friend's sorrow. The game takes them to unexpected places and encounters in Brussels. As they play, they learn a lot about their friendship and share things they couldn't say before. But how long can they keep this up before reality catches up with them?
