

# Hearts of Stone

Original title: Hearts of Stone

In a sculpture park in the heart of a bustling metropolis, Paula, a lonely street artist, entertains people as a living statue. She longs with an impossible love for Agatha, a stone sculpture next to her regular spot. When a festival for living statues arrives in the park, Paula is dismayed to find that Agatha has been replaced by a new, modern sculpture. After a frantic search, she finds Agatha in a group of discarded statues, ready to be taken away. Almost as a farewell, she kisses the object of her affection. Later, at the festival's closing party, Paula meets Agatha in the flesh.
