

In My Father's House

Original title: In My Father's House

In My Father's House tells the story of a Belgian-Moroccan family, seen through the eyes of the oldest daughter, filmmaker Rachida El Garani. Caught between Moroccan and Western culture, she sets out to find answers to the trauma of her past, before it is too late. Time is short, because her domineering, 78-year-old father was recently diagnosed with Alzheimer's disease.
