

# Inside Out

Original title: Diritto rovescio

A prison in the North of Italy run by a charismatic female governor together with her team of jail wardens... A theatre play written and performed by a group of prisoners... Detainees and law enforcers share the same building and the same routine, year after year, on opposite sides. Sometimes they despise each other; other times they become friends. As the prisoners use theatre to denounce their living conditions, we discover the director's struggle with a chronic lack of funds and endless bureaucracy.
