

Is The Great Bear A Lonely Bear

Original title: Is The Great Bear A Lonely Bear

Is The Great Bear A Lonely Bear is a three-part installation of which the first component, **The Great Bears Eye**, includes a one-man cinema performance. In **The Great Bears Eye** spectator and actor try to communicate with each other in the twilight zone between cinema and reality. The viewer becomes part of the imagery. the actor becomes more existent than a film character. The result is an interactive game of watching and being watched, of talking and listening.
