

J. Kessels

Original title: J. Kessels

J. Kessels is a comic road movie and a melancholy trip down memory lane rolled into one. It is a film about a wild ride in a classic American car, from Tilburg to the Reeperbahn in Hamburg and back again. And also about a hallucinatory journey through the mind of a writer. A writer who asks himself: is his book the product of his imagination or is he himself starring in someone else's story?
