

John The Fearless

Original title: Jan Zonder Vrees

John lives with his old grandmother in the City of Antwerp. He prides himself with being absolutely fearless (and he really is), hence his (nick)name. One day a prank directed against him goes wrong and results in an incident leading Jan to be arrested, wrongly accused of assaulting an innocent man. Jan doesn't agree with this injustice and promptly escapes. He goes on an adventurous ramble through Flanders, teams up with a sidekick, finds true love, and eventually fights a monstrous creature known as... Kludde!
