

Juul

Original title: Juul

In the 1950s, the Kavaros circus is in financial distress. After an accident in the ring, 17-year-old acrobat Juul falls into a coma and the doctor pronounces her brain-dead. Her father Bor, a magician, can't bear to be without his daughter, and spirits her away from the hospital. Then, when he shows her off as a living puppet, audiences begin to return to the circus. In silent protest at the indignity of this, and at the loss of her free will, Juul slowly turns to porcelain.
