

Kresala

Original title: Kresala

Txiki, an 11-year-old boy, lives in a fishing town marked by the noise of the ships' engines, the ships striking against the dock's walls and dying fish flapping on the stone. To escape from the daily routine, Txiki spends the day at his grandfather's house. Sabin is an old fisherman who claims to have seawater running through his veins. Fascinated by the mysterious stories that his grandfather tells, Txiki decides to embark an adventure and discover the secrets of the sea for himself.
