

Little Black Spiders

Original title: Little Black Spiders

Belgium, 1978. Katja, Roxy and a group of other lively girls are too young for love but still mothers-to-be. In a hidden location, pregnant teenage girls await the birth of their babies in secret. Some want to put their mistake behind them as soon as possible but Katja, herself an orphan, clearly wants something different: she longs to have her own baby. During the long wait, the girls share each other's joys and sorrows. But the bubble bursts when Katja becomes painfully aware of the plans that the nuns are making behind their backs.
