

Little Monster

Original title: Monstertje

A boy asks his mother, “Mom, why does Grandma live in that big castle with all those strange people?” The mother can't think of a suitable answer right away, and the boy can't understand. What is his grandmother doing in the castle, among all those oddballs? Why does she look so different, so pale and thin? *Little Monster* is a cinematic quest for answers to the questions the boy asked almost thirty years ago, on the driveway of the psychiatric institution in Pittem. He now knows why she was in the castle. His grandmother was an alcoholic and went from institution to institution in the hope of curing her illness.
