

# Loft

Original title: Loft

Five married men share a secret: a spacious loft, in which they can quietly receive and entertain their lovers and latest conquests. It's a great deal until, one winter morning, they discover the body of a young woman. No one knows who she is or how she got there. When the five try to find out what happened and why, they soon begin to suspect one another. It also becomes clear that they know far less about each other than they initially thought.
