

Lost Persons Area

Original title: Lost Persons Area

Bettina and Marcus, a passionate couple, live in a canteen in the middle of a vast field with endless lines of pylons. Marcus, trying to set up his own business, works as a foreman maintaining the power lines while Bettina, bored and longing for a better life, runs the canteen for the workmen. Their nine-year-old daughter Tessa roams the area, looking for bits and pieces to occupy her mind, skipping school whenever she can. When Marcus hires Hungarian engineer Szabolcs to become part of his company, their unconventional way of living takes a new turn. A tragic accident will shatter everyone's pursuit of happiness.
