Lovetips to Myself

Original title: Liefdestips aan mezelf

When her mother is admitted to a psychiatric hospital, 17-year-old Olivia is forced to move in with her father, a well-known talk-show host, who left his family shortly after Olivia's birth. The only two people who can take Olivia's mind off things are her best friend and ‘flirting expert’ Billie, and Max, for whom she has a soft spot. But how do you know if someone wants you too? And when is it called love?
