

Mass Moving

Original title: Mass Moving

Mass Moving' is an artistic movement born in the wake of May 68. Composed of artists and engineers, the group is defined by its ephemeral projects and actions. When its members realise that their ideals are not the same, they shut down with a spectacular auto-da-fé. Through the film, we see not only the story of an era but also the beginnings of the ecological and alternative energy movements.

CREDITS

DIRECTOR: Francoise Levie
