

Moth3r

Original title: Moth3r

A space cargo is on its way to an unknown destiny. On board there is one moth3r to breed all clones. Two men are controlling the process: the cloned Di.gen and Di.nin, the latter the last surviving human being. Di.nin is in control of the ship but his power is weakening as he is getting paranoid about all the identical clones. Di.gen, tired of seeing his moth3r in pain, has a plan to take over.
