

Mouth Of Fire

Original title: Mouth Of Fire

***Mouth of Fire* is the journey of two filmmakers through eerie landscapes where ancient myths meet human interference. The film meditates on the possibility of communication with a mountain, one that speaks without words yet is never mute. While cameras and satellites record its surface, and people craft their own interpretations, it is children who emerge as guides, revealing a nearly lost capacity: to listen to the murmurs beneath the earth.**

CREDITS

DIRECTOR: Giada Cicchetti

PRODUCER: Ben De Raes
