

My Giraffe

Original title: Dikkertje Dap

Patterson Pepps has a best friend: Raf, a giraffe. Raf and Patterson grow up together as Patterson lives next to the zoo and they were born on the exact same day. When they reach the age that they have to go to school for the first time, both are very excited. When Patterson realises Raf isn't going to join him at school he is very sad, but he enjoys school more than he expected and actually makes a new friend: Eduard. Raf, however, feels left out. Fortunately, Patterson comes up with a brilliant plan to bring Raf to school and to unite his two best mates.
