

# Naked Heartland

Original title: Naked Heartland

Jan is being bullied. Ann, raised under a strict regime at home, finds a way out in her own created dream world. And then there is Rob, whose difficulties with the acceptance of his sexuality are being emphasised by his upbringing in a vulnerable environment. Social media is the only platform where they share their emotions, desires, doubts and insecurities. Once they get on the bus on their way to a long-awaited event, they are surrounded by lost, isolated and like-minded peers, all with sexual desires and frustrations - afraid to leave their childhood but fearful of becoming adults. When the kids arrive at their destination, a retreat in the polders, an abrupt ending tears them apart.
