

Occupied II

Original title: Occupied II

If you had to choose between safety and freedom, what would you choose? The season starts with an armed conflict between the Norwegian Coast Guard and a Russian Security Company guarding the oil installation at Melkøya in Northern Norway. Weapons are pointed at one another. No one wants to back down. This highly tense crisis situation creates a chain of conflicts that has severe consequences - politically and personally. The question that everybody has to ask themselves constantly is: Who can you trust?
