

Only Eline

Original title: Alleen Eline

Eline, a sociable young physiotherapist is assigned six-year-old Joy, who has ended up in a rehabilitation centre after a car accident. It is not long before she realises that the key to Joy's recovery is her father, a mysterious young businessman who has become entirely focused on himself and his work after the accident. Determined to help Joy, Eline confronts Lars but, in the process, they find themselves becoming increasingly drawn to each other.
