

Peccato

Original title: Peccato

Angelo Peccato was born into sin, only in his case more than any other baby. For he was born on a Monday, closing day at the museum. Fathered by a lecher, who then promptly abandoned his voracious mother, this bloated glutton of a woman, in her lethargy, gave birth to him in a ditch... This is a kind of mystic road movie, the story of il signore Peccato, an architect in the Middle Ages, and his long journey through the world of sin.
