

# Pilgrimages - A preliminary study on walking very far

Original title: Pilgrimages - A preliminary study on walking very far

**Two atheist skater boys sent on a traditional Catholic pilgrimage are initially detached and amused, but slowly surrender to the experience. They dance sevillanas with strangers, sing along, and are baptised with salt and white wine. As the boys become (slightly, hesitantly) integrated in the ritual, the researcher commenting on the images drifts into speculation and poetry rather than the search for objective truth.**
