

Playing Away from Home

Original title: Playing Away from Home

A man leads a double life. He's still married to his first wife, with whom he feels at home; but he's also married to another younger woman with whom he has a child. By day; he lives in one house; at night he lives in the other; and in-between, somewhere in a petrol station, he makes the switch. The situation is tearing him apart. He often gets anxiety attacks, which happen mostly in the 'new house'. Coincidence will determine the future in a fatal manner.
