

# Plot Point

Original title: Plot Point

By playing with our collective filmic memory, its cinematic codes and narrative language, **Plot Point** questions the boundaries of reality and fiction. In the film, all the actions and characters are real people in real life, filmed with a hidden camera through the cinematic eye of the filmmaker and without any set-ups or instructions. New York City, its citizens and howling police cars, uniforms, ambulances and crowded streets, become a fictive filmic scenery.

## CREDITS

## CREATION DETAILS
