

Pride Is Protest

Original title: Pride Is Protest

Is Pride still a protest or a parade? What are LGBTQ people fighting for today? And how does that activism manifest itself in creative forms? Marieke Dermul and Filip Tielens looked for answers at the biggest Pride ever in New York. In the moving documentary *Pride is Protest* they give a voice to inspiring gays and queers, exactly 50 years after the Stonewall riots and the first Prides.
