

Putain

Original title: Putain

Putain tells a multi-layered story about escapism through substance abuse, partying, or sex, and the consequences of having to live with a violent, overprotective or xenophobic parent. Each of Gigi's friends has a unique background and problems, allowing the series to paint a broad picture of what it means to grow up in a big city. It also shows there is no tailor-made formula for parenthood. Gradually the series becomes a many-sided portrait of how friendship and a city sometimes provide the education we cannot find at home.
