

Quentin Blake's Box of Treasures

Original title: Quentin Blake's Box of Treasures

In *Zagazoo*, happy couple Bella and George are delighted to receive a strange parcel containing a baby who, to their complete surprise, transforms into a series of badly-behaved animals. *Jack and Nancy* tells the story of two children who unexpectedly find themselves blown away by a storm to an exotic island. In *Mrs Armitage on Wheels* eccentric inventor Mrs Armitage sets off for a quiet cycle to her cousin Angela's along with her faithful dog. In *Loveykins* we meet the ever so loving Angela Bowling. When she stumbles upon a small helpless bird one early morning, she decides to care for it as if it were her own child. *Angel Pavement* meanwhile introduces us to two normal girls, Corky and Loopy, who double as helpful angels. Set in historic times, *Snuff* tells the tale of Sir Thomas Magpie, a knight who despairs of his unfortunate page boy, Snuff, who can't seem to do anything right.
