

Resonance

Original title: Resonance

John, a businessman from Louisiana; François, a banker from London; and Antoine, a trader from Switzerland all reflect on their careers and the choices they made and the ones they didn't... Choices that made them successful and who they are today. As we get to know them, we also get to know someone else: someone who may have been less lucky in his career. Or maybe we see what the true face of success really is.
