

Roby, Toby's Fantastic Voyager

Original title: Robbi, Tobbi und das Flieuwatüüt

A classic re-interpreted for the big screen: nobody comes up with such unusual inventions as 11-year old Tobbi Findeisen... One day, the little robot Robbi lands at his feet after being separated from his parents when his space ship crashes. To help in their search for Robbi's parents, the two friends invent a vehicle that can fly, swim and drive: a Flieuwatüüt! In the meantime, the unscrupulous Sir Joshua and his super agents Brad Bloodbath and Sharon Silencer are on the robot's tail wanting to use him for their own evil purposes. But even the smartest super agents shouldn't underestimate what best friends can accomplish together!

CREDITS
