

Roomies

Original title: Roomies

For their final year of college, Bibi and Ama, two lesbian friends in their early twenties, move in together, into a new apartment in Brussels. Despite their opposite personalities and backgrounds, the quirky pair believe they are ready to begin their grown-up lives as roomies. The only thing they have to figure out is what on earth being a grown-up means. The new roomies embark on a search for themselves, for each other, for their phone, and a permanent spot for the house key. Living together offers Bibi and Ama a lot of freedom, but also has its downside. They are soon confronted with their own limits and expectations, and therefore also with each other's.
