

Scum

Original title: Uitschot

The Tersagos are an unconventional family company: clowns in the daytime, criminals at night. They get arrested on suspicion of robbery with murder, but are released due to a lack of evidence - except for son Wesley. He has a lot more to answer for. Sister Amber decides to finish Wesley's insane reality film herself. Father Ronny wants to say goodbye to crime and to launder the millions they looted to make a musical. Then two police investigators pay them a visit, apparently aware of all the details of their crime. The stolen money belongs to a homicidal Russian drug lord. The family fears that their days are numbered... During the premiere of their musical, an armed man sneaks backstage. At the same time, son Wesley plots his escape from prison.
