

Son Of

Original title: Fils de

Seventeen years ago, gangster Franck Pistone went on the run after a diamond heist. Now he is back, and seeking a reconciliation with his son Camille. But the past can only be laid to rest once the proceeds of the robbery have been found. And Camille is not the only child Franck left behind. There's also wild-child Sarah, and César, from the Matongé neighbourhood, who never met his father and may be the key to the hidden loot.
