

# Taboo

Original title: Taboe

**In Taboo, Flemish comedy darling Philippe Geubels laughs about people you really shouldn't laugh with. But he does not pull that trick without a proper investigation. There is a common saying that you can only get to know someone if you've travelled together. In Taboo, that is exactly what Philippe Geubels does. He invites four guests for a week's holiday in a lovely country house in West Flanders. He spends time with people who are incurably ill, are physically challenged, people with visual disability, people suffering from obesity, people in poverty, LGBT's, people with different skin colour, and people with a psychic vulnerability. He listens to their stories and sensitivities and he gets to know their personalities while sightseeing through the countryside. But that's not all of it. Humour prevails in Taboo. Philippe challenges his guests to hit the streets in some hilarious candid camera scenes.**
